

BESPOKE GIFT STORE OF THE YEAR

Dorset Treasures Ltd

Based in Ferndown, Dorset Treasures Ltd is run by a mother and daughter team, specialising in the creation of gift packages and hampers. The business supports and promotes other local traders through the procurement of the various items in its packages, which include traditional cream teas, fresh scones, biscuits, chocolate, cheese, candles, and personal care items.

The judges were impressed by the carefully curated range of products which showcase the very best that the region has to offer. They also praised the company for its use of environmentally-friendly packaging. With delivery available across the UK, Dorset Treasures beautifully presents each hamper in reusable baskets, all wrapped in a see-through biodegradable bag and delivered with its signature wooden gift tag.
